

USING YOUR **STELLAR** TWO-STAGE BLADE SHARPENER

STAGE ONE - SHARPENING

Hold the sharpener firmly by the handle on a steady, flat surface.

Place the heel of the blade between the sharpening 'V' (stage one).

Keeping the edge in contact with the sharpening 'V', gently pull the blade through to the tip.

Repeat as necessary depending on the dullness of the blade.

STAGE TWO - HONING

Hold the sharpener firmly by the handle on a steady, flat surface.

Place the heel of the blade between the ceramic honing discs (stage two).

Keeping the edge in contact with ceramic discs, gently pull the blade through to the tip.

Repeat as necessary, honing after sharpening will help return your cutting edge to peak condition. Honing your knives after use will help keep them sharper for longer.
