GUARANTEE

18/10 HIGH QUALITY STAINLESS STEEL CUTLERY

Stellar cutlery designs are selected for perfect balance and elegant simplicity of design.

Fashioned from high grade 18/10 Stainless Steel (containing 18% chromium and 10% nickel), each piece has been polished to a long lasting finish. High grade 18/0 stainless steel is used for knife blades, as this allows efficient sharpening.

We recommend hand washing in warm, soapy water then rinsing and polishing with a dry soft cloth. The cutlery is dishwasher safe: however, after extended dishwasher use, continual contact between pieces could degrade the finish. Always rinse to remove salt and food before loading, and do not leave in a damp dishwasher overnight. The cutlery should be removed from the dishwasher immediately after the drying cycle, and polished with a soft cloth. Do not mix stainless steel and silver cutlery in the dishwasher.

LIFETIME GUARANTEE

Please read this care and use thoroughly. Stellar cutlery has a Lifetime Guarantee to be free from defects in material and workmanship under normal domestic use.

We promise to the original purchaser that any defective part or item will be replaced, (or we will supply a product of equal value if the product is out of production).

The Guarantee does not cover damage by accident, misuse or commercial use.

This Guarantee is in addition to your statutory rights.
